Policy and Research, LLC

New Orleans, LA

\$808,386

Policy and Research, LLC intends to implement and monitor a high-quality rigorous evaluation of the *Practice Self-Regulation* (PS-R) intervention. PS-R is designed for youth age 14-19 who have experienced trauma and are receiving outpatient counseling services. It is composed of 10 structured, one-on-one therapy-education sessions delivered by a therapist over a 16-week period and is intended to promote optimal sexual decision-making within the context of individual therapy. The study will take place at multiple outpatient clinics that serve youth age 14-19 in Albuquerque, NM and **Adrian, MI**. Starting in July 2016 and continuing for two years, 600 participants will be enrolled into the study at partner clinics. The third and fourth years of the grant will be used to complete the following tasks: collect follow-up data from study participants; conduct implementation and impact evaluation analysis, reporting, and dissemination efforts; and finalize a complete electronic package of the implementation-ready intervention.

TITLE X FAMILY PLANNING SERVICES IN MICHIGAN

- Title X–supported centers provided contraceptive care to 77,340 women in Michigan in 2014.⁵ These services helped women avoid 18,700 unintended pregnancies, which would have resulted in 9,100 births and 6,700 abortions.
- In the absence of publicly-funded family planning services, the number of unintended pregnancies and abortions in Michigan would be 27% higher.⁶
- By helping women avoid unintended pregnancies and the births that would follow, the services provided at Title X-supported centers in Michigan saved \$109 million in public funds in 2010.
- From FY 2010 to FY 2015, the amount of federal funding Michigan received for Title X decreased by \$541,314, resulting in 41,149 fewer (36%) patients served.
- In Michigan, 94 clinics receive support from Title X. They include health department clinics (68), Planned Parenthood clinics (22), Institute for Population Health clinics (2), Family Planning Association of Allegan County clinics (1), and hospitals (1).

About The National Campaign: The National Campaign to Prevent Teen and Unplanned Pregnancy works to improve the lives and future prospects of children and families by ensuring that all children are born into families committed to and ready for the demanding task of raising the next generation by reducing unplanned pregnancy among teens and young adults. For more information, visit www.TheNationalCampaign.org.

⁵ “Title X-supported centers” are supported by a mix of funding sources (in addition to Title X funding) including Medicaid, funding from state and local governments, private grants and fundraising, reimbursement from commercial insurance, patient fees, and federal grants.

⁶ “Publicly-funded family planning services” refers to all public funding sources that support family planning services, including Medicaid, Title X, and other state and federal resources.
