<sup>1</sup> Evidence-based education programs

<sup>2</sup> This may include multi-state grants and/or grants that were awarded to an organization in another state, but are benefitting youth in your state.

<sup>3</sup> Replaced the Competitive Abstinence Education Program beginning in FY 2016.

## **FEDERAL TEEN PREGNANCY PREVENTION GRANTS<sup>4</sup>**

### **State Personal Responsibility Education Program (PREP)**

Hawaii Department of Health

\$250,000

The Hawaii State Department of Health is using PREP funds for community-based programming in Hawaii County. Programming targets youth ages 14–17 who have a low economic status or live in areas with high rates of teen pregnancy or high populations of Native Hawaiians, Filipinos, Asians, and Pacific Islanders.

### **Title V State Abstinence Education Grant**

Hawaii Department of Health

\$196,772

The Hawaii Department of Health is using their grant to work with the Boys and Girls Club of Hawaii. Programming targets youth ages 10–18 who have a low economic status or live in areas with high rates of teen pregnancy or high populations of Native Hawaiians, Filipinos, Asians, and Pacific Islanders.

### **Competitive Abstinence Education Grant Program**

**FY 2014**

Hawaii Youth Services Network

Honolulu, HI

\$429,322 (to be spent through FY 2015)

### **Teen Pregnancy Prevention Program (TPPP) — Tier 2**

**FY 2015 – FY 2019**

Planned Parenthood of the Great Northwest

Seattle, WA

Program models: *Linking Families and Teens (LiFT)*

\$1,000,000

Planned Parenthood of the Great Northwest and the Hawaiian Islands (PPGNW) intends to reduce teen pregnancy rates, increase use of contraceptives, and delay initiation of sexual activity among rural, 9-12th grade youth by increasing parent-child connectedness, and increasing youth's self-efficacy, knowledge, and skill related to sexual health and pregnancy prevention in Washington, Idaho, Oregon, Utah, Alaska, and **Hawaii**. To achieve this goal, PPGNW implements LiFT, a program designed specifically for rural communities that brings 9-12th grade youth and their parenting adult together to share family values, strengthen family bonds, and talk about healthy relationships and sexual health.

### **Teen Pregnancy Prevention Program (TPPP) — Tier 1**

**FY 2010 – FY 2014**

Hawaii Youth Services Network

Honolulu, HI

Program model: *Making Proud Choices!* and *Draw the Line/Respect the Line*

\$999,999

---

<sup>4</sup> Federal teen pregnancy prevention grants are listed as annual amounts, unless otherwise noted. State PREP, Tribal PREP, and Title V State Abstinence grant amounts, where applicable, reflect the most recent annual award.

Hawaii Youth Services Network will partner with 10 organizations to implement evidence-based programs for middle school-aged youth in Hawaii. The project will be implemented in school sites, CBOs, and public housing projects. The organizations will serve a total of 4,000 youth throughout the five-year project period using this evidence-based model. The organizations will serve primarily Pacific Islander and Filipino youth. The project will focus on increasing knowledge regarding sexual activity, delaying of sexual activity, reducing teen pregnancy, and increasing contraceptive usage.

**Teen Pregnancy Prevention Program (TPPP) — Tier 2  
FY 2010 – FY 2014**

University of Hawaii  
Honolulu, HI

Program model or strategy: *Pono Choices*  
\$969,936

The University of Hawaii is creating a culturally relevant curriculum, *Pono Choices*, based on existing evidence-based and evidence-informed models to specifically meet the needs of their target population. *Pono Choices* targets youth early through the middle school environment. Through the implementation of this project, the grantee will examine several outcomes including those focused on teen pregnancy, STIs, future orientation, and academic achievement. They are implementing a process-level and formative evaluation to help inform the program development using mechanisms such as focus groups, interviews, feedback, and other data sources.

**TITLE X FAMILY PLANNING SERVICES IN HAWAII**

- Title X–supported centers provided contraceptive care to 17,990 women in Hawaii in 2014.<sup>5</sup> These services helped women avoid 4,400 unintended pregnancies, which would have resulted in 2,100 births and 1,600 abortions.
- In the absence of publicly-funded family planning services, the number of unintended pregnancies and abortions in Hawaii would be 28% higher.<sup>6</sup>
- By helping women avoid unintended pregnancies and the births that would follow, the services provided at Title X-supported centers in Hawaii saved \$43.6 million in public funds in 2010.
- From FY 2010 to FY 2015, the amount of federal funding Hawaii received for Title X decreased by \$240,379, resulting in 7,547 fewer (32%) patients served.
- In Hawaii, 35 clinics receive support from Title X. They include federally qualified health centers (29), universities (3), Planned Parenthood clinics (2), and hospitals (1).

**About The National Campaign:** The National Campaign to Prevent Teen and Unplanned Pregnancy works to improve the lives and future prospects of children and families by ensuring that all children are born into families committed to and ready for the demanding task of raising the next generation by reducing unplanned pregnancy among teens and young adults. For more information, visit [www.TheNationalCampaign.org](http://www.TheNationalCampaign.org).

---

<sup>5</sup> “Title X-supported centers” are supported by a mix of funding sources (in addition to Title X funding) including Medicaid, funding from state and local governments, private grants and fundraising, reimbursement from commercial insurance, patient fees, and federal grants.

<sup>6</sup> “Publicly-funded family planning services” refers to all public funding sources that support family planning services, including Medicaid, Title X, and other state and federal resources.
