TITLE X FAMILY PLANNING SERVICES IN KANSAS

- Title X–supported centers provided contraceptive care to 25,870 women in Kansas in 2014.⁵ These services helped women avoid 3,300 unintended pregnancies, which would have resulted in 3,100 births and 2,300 abortions.
- In the absence of publicly-funded family planning services, the number of unintended pregnancies and abortions in Kansas would be 33% higher.⁶
- By helping women avoid unintended pregnancies and the births that would follow, the services provided at Title X-supported centers in Kansas saved \$55.3 million in public funds in 2010.
- From FY 2010 to FY 2015, the amount of federal funding Kansas received for Title X decreased by \$558,688, resulting in 19,244 fewer (45%) patients served.
- In Kansas, 59 clinics receive support from Title X. Local health departments operate all 59 clinics.

About The National Campaign: The National Campaign to Prevent Teen and Unplanned Pregnancy works to improve the lives and future prospects of children and families by ensuring that all children are born into families committed to and ready for the demanding task of raising the next generation by reducing unplanned pregnancy among teens and young adults. For more information, visit www.TheNationalCampaign.org.

⁴ Federal teen pregnancy prevention grants are listed as annual amounts, unless otherwise noted. Kansas received PREP funds annually FY 2010 – FY 2015. Kansas opted not to apply for the FY 2016 round of state PREP formula grants.

⁵ “Title X-supported centers” are supported by a mix of funding sources (in addition to Title X funding) including Medicaid, funding from state and local governments, private grants and fundraising, reimbursement from commercial insurance, patient fees, and federal grants.

⁶ “Publicly-funded family planning services” refers to all public funding sources that support family planning services, including Medicaid, Title X, and other state and federal resources.
