¹ Evidence-based education programs

² This may include multi-state grants and/or grants that were awarded to an organization in another state, but are benefitting youth in your state.

³ Replaced the Competitive Abstinence Education Program beginning in FY 2016.

FEDERAL TEEN PREGNANCY PREVENTION GRANTS⁴

State Personal Responsibility Education Program (PREP)

Tennessee Department of Children's Services

\$1,041,136

The Tennessee PREP state grant program is managed by the Department of Children's Services in collaboration with the University of Tennessee Health Science Center. Evidence-based programs serve youth ages 15–18 in state custody who are living in foster care group homes.

Title V State Abstinence Education Grant

Tennessee Department of Health

\$1,752,772

Tennessee is using their State Abstinence Education Program grant to serve middle school youth ages 10–14. Programming also targets youth who live in counties that have high teen pregnancy and birth rates, high rates of mothers in poverty, and high dropout rates.

Competitive Abstinence Education Grant Program

FY 2014

Boys & Girls Clubs in Tennessee

Knoxville, TN

\$243,159 (to be spent through FY 2015)

Teen Pregnancy Prevention Program (TPPP) — Tier 1

FY 2015 – FY 2019

Centerstone of Tennessee, Inc.

Nashville, TN

Program models: *Be Proud! Be Responsible!; Making a Difference!; Sexual Health and Adolescent Risk Prevention (SHARP)*

\$2,000,000

Centerstone of Tennessee's Be in Charge 2 program implements evidence-based teen pregnancy prevention (TPP) programs for 60,000 youth age 10-19 throughout 80 counties, including 60 counties in Tennessee and 14 counties in Kentucky with the highest teen birth rates. In Indiana, 11 counties with the highest teen birth rates will receive outreach and resources to train professionals working with high-risk youth. Outreach services will be provided to communities in the same geographic area and are designed to educate youth and adults as well as increase awareness through the use of social media, educational presentations, local community capacity building, resource development and distribution, event sponsorship, and stakeholder training to sustain effective TPP efforts beyond the end of the grant.

⁴ Federal teen pregnancy prevention grants are listed as annual amounts, unless otherwise noted. State PREP, Tribal PREP, and Title V State Abstinence grant amounts, where applicable, reflect the most recent annual award.

Douglas-Cherokee Economic Authority, Inc.
Morristown, TN
Program model: *Teen Outreach Program*
\$999,999

The Douglas-Cherokee Economic Authority (DCEA) intends to reduce teen pregnancy rates among youth in Hamblen and Hancock Counties by replicating the evidence-based teen pregnancy prevention programs. DCEA will implement programs in three middle schools, two high schools, and two alternative schools in East and Northeast Tennessee. In addition to working toward reducing the teen pregnancy rate, DCEA's secondary goal is to assist program participants in developing the skills required to make successful transitions to adulthood without the burden of teen pregnancy and early childbearing.

Le Bonheur Community Health and Well-Being
Memphis, TN
Program model: *Be Proud! Be Responsible!*
\$1,230,000

Le Bonheur Community Health and Well-Being works to reduce sexual risk behaviors and improve health outcomes for youth age 11-19. To achieve this goal, they will implement evidence-based teen pregnancy prevention programs in middle schools, high schools, alternative schools, and community-based sites in Memphis and Shelby Counties. In addition, Le Bonheur will initiate a community-wide teen pregnancy prevention planning process in partnership with Memphis Teen Vision, an existing coalition of youth serving agencies and providers, to enhance the program and develop a referral process to increase youth access to health care services.

Teen Pregnancy Prevention Program (TPPP) — Tier 1 FY 2010 – FY 2014

Centerstone of Tennessee, Inc.
Nashville, TN
Program model: *Be Proud! Be Responsible!*
\$1,000,000

Centerstone of Tennessee, Inc.'s "Be in Charge" program will implement the *Be Proud! Be Responsible!* evidence-based model in 26 middle Tennessee counties. A total of 13,300 adolescents ages 12-19 years old will be served throughout the five-year duration of the project. The program's overall objectives are reducing adolescent risk of pregnancy, providing outreach/education on teen pregnancy issues to stakeholders, and conducting a social marketing campaign reaching 60% of the area's population.

County of Knox dba Knox County Health Department
Knoxville, TN
Program model: *Safer Sex*
\$602,846

The County of Knox will implement the *Safer Sex* program model in clinics in the eastern Appalachian area of Tennessee. This is a multi-agency collaborative of organizations, including clinics, CBOs, and child welfare agencies, that will serve a diverse community of rural, suburban, and urban youth. The project will reach 6,500 youth ages 14-19 over the five-year project period. The goal of this project is to

reduce the incidence of behavioral risk factors underlying teenage pregnancy and sexually transmitted infections through increased access to comprehensive sex education.

Douglas Cherokee Economic Authority

Morristown, TN

Program model: *Teen Outreach Program™*

\$600,000

Douglas Cherokee Economic Authority will implement *Teen Outreach Program™* in two middle schools located in Morristown, Tennessee. The project will serve 925 youth enrolled in grades six through eight. The overarching goal of the project is to help participants develop the skills required to make a successful transition to adulthood and self-sufficiency without the burden of teen pregnancy and early childbearing. The project is using a positive youth development approach to teenage pregnancy prevention, combining an interactive classroom-based curriculum with community service learning.

Le Bonheur Community Health and Well Being

Memphis, TN

Program model: *Be Proud! Be Responsible!*

\$800,000

Le Bonheur Community Health and Well Being will implement the *Be Proud! Be Responsible!* curriculum in North Memphis, specifically in schools, community centers and churches. The applicant will target specifically 2,400 African American youth ages 13-18 each year. The goals of the project are to reduce high risk behaviors, increase knowledge of HIV and STIs, and increase confidence in negotiating safer sex practices among the target population.

Pregnancy Assistance Fund

Funded 2010 – 2013

Executive Office of the State of Tennessee

Nashville, TN

Service location: Shelby County, TN

Strategies: High schools/Community Service Centers; Public Awareness and Education

\$1,400,000

TITLE X FAMILY PLANNING SERVICES IN TENNESSEE

- Title X–supported centers provided contraceptive care to 92,980 women in Tennessee in 2014.⁵ These services helped women avoid 22,500 unintended pregnancies, which would have resulted in 10,900 births and 8,100 abortions.
- In the absence of publicly-funded family planning services, the number of unintended pregnancies and abortions in Tennessee would be 44% higher.⁶
- By helping women avoid unintended pregnancies and the births that would follow, the services provided at Title X-supported centers in Tennessee saved \$61.2 million in public funds in 2010.
- From FY 2010 to FY 2015, the amount of federal funding Tennessee received for Title X decreased by \$58,972 resulting in 41,546 fewer (35%) patients served.
- In Tennessee, 126 clinics receive support from Title X. They include health department clinics (123), and federally qualified health centers (3).

About The National Campaign: The National Campaign to Prevent Teen and Unplanned Pregnancy works to improve the lives and future prospects of children and families by ensuring that all children are born into families committed to and ready for the demanding task of raising the next generation by reducing unplanned pregnancy among teens and young adults. For more information, visit www.TheNationalCampaign.org.

⁵ “Title X-supported centers” are supported by a mix of funding sources (in addition to Title X funding) including Medicaid, funding from state and local governments, private grants and fundraising, reimbursement from commercial insurance, patient fees, and federal grants.

⁶ “Publicly-funded family planning services” refers to all public funding sources that support family planning services, including Medicaid, Title X, and other state and federal resources.
