¹ Evidence-based education programs

² This may include multi-state grants and/or grants that were awarded to an organization in another state, but are benefitting youth in your state.

³ Replaced the Competitive Abstinence Education Program beginning in FY 2016.

FEDERAL TEEN PREGNANCY PREVENTION GRANTS⁴

State Personal Responsibility Education Program (PREP)

State of Utah, Department of Health, Division of Family Health and Preparedness
\$588,238

Utah is using its PREP grant to provide funding to local public and private entities. These organizations are providing evidence-based programs to youth ages 14–19 including Latino youth, youth in the juvenile justice system, teens who are already parents, and those who reside in areas with high teenage birth rates.

Title V State Abstinence Education Grant

State of Utah, Department of Health, Division of Family Health and Preparedness
\$583,719

The Utah Title V State Abstinence Education Program is serving young people ages 10–16 that belong to racial and ethnic minority groups or reside in areas of the state with high teenage birth rates, as well as young people in the juvenile justice system.

Teen Pregnancy Prevention Program (TPPP) — Tier 1

FY 2015 – FY 2019

Planned Parenthood of the Great Northwest
Seattle, WA

Program models: *All4You, Families Talking Together, Love Notes, Sisters Saving Sisters, Safer Sex Intervention, Get Real, Positive Prevention Plus*

\$999,999

The Northwest Coalition for Adolescent Health (NWCAH) will deliver evidence-based teen pregnancy prevention programs to scale across four states, in seven communities with disparately high teen pregnancy rates. The communities are Caldwell, ID; Salem, OR; **South Salt Lake City, Utah**; Centralia, WA; East Tacoma, WA; and Mt. Vernon, WA. In each community there are three distinct implementation settings ranging from faith-based institutions, to foster care youth programs, to high school settings and school based health centers.

Teen Pregnancy Prevention Program (TPPP) — Tier 2

FY 2015 – FY 2019

Planned Parenthood of the Great Northwest
Seattle, WA

Program models: *Linking Families and Teens (LiFT)*

\$1,000,000

Planned Parenthood of the Great Northwest and the Hawaiian Islands (PPGNW) intends to reduce teen pregnancy rates, increase use of contraceptives, and delay initiation of sexual activity among rural, 9-12th grade youth by increasing parent-child connectedness, and increasing youth's self-efficacy, knowledge, and skill related to sexual health and pregnancy prevention in Alaska, Idaho, Oregon, **Utah**, Hawaii, and Washington. To achieve this goal, PPGNW implements LiFT, a program designed

⁴ Federal teen pregnancy prevention grants are listed as annual amounts, unless otherwise noted. State PREP, Tribal PREP, and Title V State Abstinence grant amounts, where applicable, reflect the most recent annual award.

specifically for rural communities that brings 9-12th grade youth and their parenting adult together to share family values, strengthen family bonds, and talk about healthy relationships and sexual health.

Planned Parenthood of the Great Northwest (PPGNW)
Seattle, WA

Program model: *IN•cluded: Inclusive Healthcare—Youth and Providers Empowered*
\$1,000,000

Planned Parenthood of the Great Northwest and the Hawaiian Islands (PPGNW) intends to prevent teen pregnancy and sexual transmitted infections in the LGBTQ youth population. In order to achieve this goal, PPGNW implements the In•cluded program delivered in 14 communities in Alaska, Massachusetts, Minnesota, Montana, Oregon, **Utah**, and Washington through the PPGNW Teen Council Peer Education program. Each teen council group will deliver trainings to two different audiences: 1) IN•cluded for health care staff and providers, a three hour workshop delivered by peer teen educators in two 1.5 hour segments that include best practices for working with LGBTQ youth; and 2) IN•cluded for LGBTQ youth, a three hour interactive workshop delivered by teen peer educators to their peers who identify as gay, lesbian, bisexual, transgender, or queer/questioning. The workshop includes education related to sexual risk prevention and information about how to access sexual health services.

TITLE X FAMILY PLANNING SERVICES IN UTAH

- Title X–supported centers provided contraceptive care to 29,990 women in Utah in 2014.⁵ These services helped women avoid 7,300 unintended pregnancies, which would have resulted in 3,500 births and 2,600 abortions.
- In the absence of publicly-funded family planning services, the number of unintended pregnancies and abortions in Utah would be 45% higher.⁶
- By helping women avoid unintended pregnancies and the births that would follow, the services provided at Title X-supported centers in Utah saved \$44.6 million in public funds in 2010.
- From FY 2010 to FY 2015, the amount of federal funding Utah received for Title X decreased by \$308,564, resulting in 7,207 fewer (17%) patients served.
- In Utah, 20 clinics receive support from Title X. They include private non-profits (12) and Planned Parenthood clinics (8).

About The National Campaign: The National Campaign to Prevent Teen and Unplanned Pregnancy works to improve the lives and future prospects of children and families by ensuring that all children are born into families committed to and ready for the demanding task of raising the next generation by reducing unplanned pregnancy among teens and young adults. For more information, visit www.TheNationalCampaign.org.

⁵ “Title X-supported centers” are supported by a mix of funding sources (in addition to Title X funding) including Medicaid, funding from state and local governments, private grants and fundraising, reimbursement from commercial insurance, patient fees, and federal grants.

⁶ “Publicly-funded family planning services” refers to all public funding sources that support family planning services, including Medicaid, Title X, and other state and federal resources.
