¹ Evidence-based education programs

² This may include multi-state grants and/or grants that were awarded to an organization in another state, but are benefitting youth in your state.

³ Replaced the Competitive Abstinence Education Program beginning in FY 2016.

FEDERAL TEEN PREGNANCY PREVENTION GRANTS⁴

State Personal Responsibility Education Program (PREP)

Washington State Department of Health

\$1,086,419

The Department of Health is using its PREP funds to sub-contract with 10 local entities, who are providing evidence-based programming. The funds serve at-risk youth including African American and Latino youth, runaway and homeless youth, and youth in the foster care and juvenile justice systems.

Teen Pregnancy Prevention Program (TPPP) — Tier 1

FY 2015 – FY 2019

Planned Parenthood of the Great Northwest

Seattle, WA

Program model: *Stronger Together*

\$750,000

The goal of the Stronger Together program is to assist organizations in implementing sexual health education to adolescents at high risk for unintended pregnancy; to increase organizational capacity to provide evidence-based sex education; and to reduce unintended teen pregnancy and improve health outcomes in areas of demonstrated need. In order to achieve this goal, Planned Parenthood of the Great Northwest and the Hawaiian Islands works with youth-serving community partner organizations to build capacity in three communities: Medford, OR; Grants Pass, OR; and Tacoma, WA. Training Specialists and Managers work directly with partner organization staff to provide training, skill building, and planning and program development assistance. Project staff provide observation and coaching to partner staff delivering evidence-based programs and work directly on sustainability efforts to assist partner organization in building long term capacity to engage in teen pregnancy prevention work.

Planned Parenthood of the Great Northwest

Seattle, WA

Program models: *All4You, Families Talking Together, Love Notes, Sisters Saving Sisters, Safer Sex Intervention, Get Real, Positive Prevention Plus*

\$999,999

The Northwest Coalition for Adolescent Health (NWCAH) will deliver evidence-based teen pregnancy prevention programs to scale across four states, in seven communities with disparately high teen pregnancy rates. The communities are Caldwell, ID; Salem, OR; South Salt Lake City, Utah; Centralia, WA; East Tacoma, WA; and Mt. Vernon, WA. In each community there are three distinct implementation settings ranging from faith-based institutions, to foster care youth programs, to high school settings and school based health centers.

⁴ Federal teen pregnancy prevention grants are listed as annual amounts, unless otherwise noted. State PREP, Tribal PREP, and Title V State Abstinence grant amounts, where applicable, reflect the most recent annual award.

Planned Parenthood of Greater Washington and North Idaho
Spokane, WA

Program models: *Project AIM, All4You!, Get Real, Making Proud Choices!, Seventeen Days, SHARP*
\$963,670

The goal of the Healthy Youth Collaborative is to reach a minimum of 2,000 youth across four communities in Washington by bringing evidence-based teen pregnancy prevention programs to scale. To achieve this goal, Planned Parenthood of Greater Washington and North Idaho implements Healthy Youth Collaborative programming within each community, in four different settings including schools (middle and high school), health centers, community-based organizations, and juvenile justice facilities. A curriculum has been chosen so that there is an appropriate evidence-based program for each of these settings.

Teen Pregnancy Prevention Program (TPPP) — Tier 2 FY 2015 – FY 2019

Public Health - Seattle & King County
Seattle, WA

Program model: *FLASH*
\$1,000,000

Public Health--Seattle & King County is working to assist youth with preventing teen pregnancy, sexual violence, HIV, and other sexually transmitted diseases (STDs) as well as improve family communication and increase youth knowledge of reproductive and sexual health. In order to achieve this goal, Public Health--Seattle & King County implements High School FLASH, a school-based sexual health education program in Georgia (Wilkinson, Twiggs, Hancock, Crawford, and Bibb Counties), as well as Ramsey County, Minnesota. The 15 lessons focus on building skills, positive attitudes, and positive peer norms to achieve the curriculum goals.

Planned Parenthood of the Great Northwest
Seattle, WA

Program models: *Linking Families and Teens (LiFT)*
\$1,000,000

Planned Parenthood of the Great Northwest and the Hawaiian Islands (PPGNW) intends to reduce teen pregnancy rates, increase use of contraceptives, and delay initiation of sexual activity among rural, 9-12th grade youth by increasing parent-child connectedness, and increasing youth's self-efficacy, knowledge, and skill related to sexual health and pregnancy prevention in Alaska, Hawaii, Idaho, Oregon, Hawaii, Utah, and Washington. In order to achieve this goal, PPGNW implements LiFT, a program designed specifically for rural communities that brings 9-12th grade youth and their parenting adult together to share family values, strengthen family bonds, and talk about healthy relationships and sexual health.

Planned Parenthood of the Great Northwest (PPGNW)

Seattle, WA

Program model: *IN•cluded: Inclusive Healthcare—Youth and Providers Empowered*

\$1,000,000

PPGNW intends to prevent teen pregnancy and sexual transmitted infections in the LGBTQ youth population. In order to achieve this goal, PPGNW implements the In•cluded program delivered in 14 communities in Alaska, Massachusetts, Minnesota, Montana, Oregon, Utah, and **Washington** through the PPGNW Teen Council Peer Education program. Each teen council group will deliver trainings to two different audiences: 1) IN•cluded for health care staff and providers, a three hour workshop delivered by peer teen educators in two 1.5 hour segments that include best practices for working with LGBTQ youth; and 2) IN•cluded for LGBTQ youth, a three hour interactive workshop delivered by teen peer educators to their peers who identify as gay, lesbian, bisexual, transgender, or queer/questioning. The workshop includes education related to sexual risk prevention and information about how to access sexual health services.

Teen Pregnancy Prevention Program (TPPP) — Tier 1

FY 2010 – FY 2014

Planned Parenthood of the Great Northwest

Seattle, WA

Program model: *Teen Outreach Program™*

\$4,000,000

Planned Parenthood of the Great Northwest (PPGNW) is a partnership among six Planned Parenthood affiliates collaborating to administer the *Teen Outreach Program™* across five states. The partnership proposes to target high risk youth particularly of African American, Native American, Russian and Ukrainian races/ethnicities in 27 counties in Alaska, Idaho, Montana, Oregon and Washington. The program will serve 8,000 youth in grades 7-12 (ages 12-17) in school and in after-school programs. The project also includes an independently conducted rigorous evaluation. The outcomes of the program are to successfully reduce teen pregnancy rates, decrease onset of sexual activity, increase contraception among sexually active youth, decrease academic failure and increase positive attitudes toward service and community engagement.

Pregnancy Assistance Fund

Funded 2010 – 2013 and 2013 – 2016

Washington State Department of Health

Olympia, WA

Program Categories: High schools and Community Service Centers, Domestic Violence and Sexual Assault Prevention, and Public Awareness and Education

\$1,500,000

TITLE X FAMILY PLANNING SERVICES IN WASHINGTON

- Title X–supported centers provided contraceptive care to 74,840 women in Washington in 2014.⁵ These services helped women avoid 18,100 unintended pregnancies, which would have resulted in 8,800 births and 6,500 abortions.
- In the absence of publicly-funded family planning services, the number of unintended pregnancies and abortions in Washington would be 45% higher.⁶
- By helping women avoid unintended pregnancies and the births that would follow, the services provided at Title X-supported centers in Washington saved \$157.8 million in public funds in 2010.
- From FY 2010 to FY 2015, the amount of federal funding Washington received for Title X decreased by \$157,200, resulting in 19,588 fewer (20%) patients served.
- In Washington, 65 clinics receive support from Title X. They include health department clinics (32), Planned Parenthood clinics (26), private non-profits (6), and federally qualified health centers (1).

About The National Campaign: The National Campaign to Prevent Teen and Unplanned Pregnancy works to improve the lives and future prospects of children and families by ensuring that all children are born into families committed to and ready for the demanding task of raising the next generation by reducing unplanned pregnancy among teens and young adults. For more information, visit www.TheNationalCampaign.org.

⁵ “Title X-supported centers” are supported by a mix of funding sources (in addition to Title X funding) including Medicaid, funding from state and local governments, private grants and fundraising, reimbursement from commercial insurance, patient fees, and federal grants.

⁶ “Publicly-funded family planning services” refers to all public funding sources that support family planning services, including Medicaid, Title X, and other state and federal resources.
